Poster Craftsmanship

- You must use the cardboard sheets provided by Mr. Cushing for your poster.
- You can cover your cardboard sheet with butcher or wrapping paper if you wish.
- Do not use tape to affix your pictures to your poster. Use glue.
- Either print your visuals in color, or colorize them after printing in black & white.
- Make sure that both of your pictures are 8.5 x 11 or larger.
- DO NOT USE LOW RESOLUTION, PIXELATED IMAGES!

Presenting Your Poster

When preparing the short oral presentation to accompany your poster, all students should address the following questions:

- ✓ **What** is the **subject** of your poster?
- ✓ **Where** did you get your information & pictures from?
- ✓ **What** historic **antecedent** (event, individual, location, idea) is your subject named after?
- ✓ **What** is the **importance** of the historic antecedent? Why is it so important to history that someone decided to name something after it?

Do NOT put your information on the back of your mini-poster. Put your NAME, PERIOD, and your research SOURCES on the back, but put what you're going to say on a **note card**. (see right)

For my Past-is-Present subject, I chose the Minnesota Vikings football team.

I found the picture of the Vikings helmet on the internet at NFL.com.

The team is named after the real Vikings, who were a culture of warriors and explorers who lived in Scandinavia in the 11th and 12th centuries.

The Vikings are important to American history because they were the first Europeans to set foot in North America.
